**Dear Valued Customer,**

Welcome to the World of BAIC!

You have purchased a vehicle which has been manufactured to the highest quality standards.

BAIC South Africa and its dealer network are committed to providing industry leading standards for your satisfaction and enjoyment of your vehicle purchase. Your vehicle is supplied with a comprehensive warranty and free roadside assistance and it is recommended that you review the contents of this information booklet to familiarize yourself with the benefits.

In the unlikely event that you are not completely satisfied with your purchase and you wish to raise any issues, your BAIC SA dealership is fully trained, responsible and equipped to address your concerns. Please arrange to discuss concerns with the owner/dealer principal of your nearest dealership who will, in turn, have recourse and assistance from BAIC South Africa.

If the owner/dealer principal is not able to resolve your concerns or queries, please feel free to contact the BAIC service team:

For Your roadside assistance, please contact the dealer where you buy the BAIC vehicle.

### **Dealer Customer Commitment**

We, the dealers of BAIC South Africa, commit to provide you with prompt and efficient service in to meet our obligation in terms of the warranty provided for your vehicle, as well as an ongoing relationship with you for the maintenance and upkeep of your vehicle.

We will:

- Comply with the terms of the warranty and when required to repair your vehicle in a professional manner.
- Be courteous, honest, understanding and professional at all times.
- Perform all the requirements you request and if not possible, the reasons will be fully explained to you.
- Endeavour to ensure that repairs or maintenance carried out are "fixed right first time".
- Have your car ready for you at the appointed time and in the event of unforeseen delays, advise you accordingly.
- Show you all the old parts removed during the repair or maintenance of your vehicle.
- Supply and fit OEM parts and provide the details of the warranty applicable for the replaced parts.

Yours sincerely,

**BAIC AUTOMOBILE SA (PTY) LTD.**

## **1. YOU ARE COVERED FOR**

BAIC South Africa provides 5 years and/or 150,000 km (whichever occurs first) for the new passenger's vehicle which is sold and delivered by the authorized BAIC dealership, to be free from defects in material and workmanship under normal use and service. This warranty is subject to certain conditions and exclusions referred to the content in this booklet.

### **1.1 Benefits**

The repair or replacement of components due to a mechanical breakdown or electrical failure that occurs during the period of this Original Equipment Manufacturer's (OEM) warranty.

Mechanical breakdown or electrical failure means the breaking or burning out of any of the components with the exception of those listed under part 4. These mechanical breakdowns or electrical failures are the direct result of a mechanical or electrical defect, where the component suddenly stops functioning, requiring repair or replacement.

### **1.2 Duration of the Warranty**

This basic warranty period for the vehicle is 5 years and/or 150,000 km (whichever occurs first).

The warranty period for powertrain system is 7 years/200,000km (whichever occurs first).

### **1.3 Components Covered**

Under normal use and service, all components of the new passenger vehicle are warranted for 5 years and/or 150,000 km (whichever occurs first), subject to the exclusions listed below and the conditions referred to the content in this booklet.

### 1.3.1 Warranty Range

<b>Model</b>	<b>Category</b>	<b>Name of Part</b>	<b>Time Limit/Mileage (Whichever occurs first)</b>
X55	<b>Basic warranty</b>	<b>Except Categories A, B, C and parts otherwise specified</b>	<b>5 years and/or 150,000 km</b>
	<b>Power train</b>	<b>Engine, AT transmission</b>	<b>7 years and/or 200,000km</b>
	<b>Category A</b>	Air filter, air conditioner filter, engine oil filter, fuel oil filter, spark plugs, brake linings, clutch assembly, tires, bulbs, wiper blades, fuses and common relays (excluding integrated control unit)	6 months and/or 5,000 km
	<b>Category B</b>	Battery, remote control battery, rubber products (e.g. seal ring, driving belts, gasket, O-ring, etc.) and plastic products (e.g. interior and exterior trims), horn, loudspeaker, excluding the parts of Category A	1 year and/or unlimited mileage
	<b>Category C</b>	Oil/liquid: oil, lubricating grease, anti-freeze, accumulator acid, refrigerant, etc.	Without warranty
		Rust and perforation is covered and subject to the regular paint and corrosion inspection. Regard terms and conditions apply, please see other statement 3, 4.	
<p><b>Special notes: glass products</b>            Within 6 months from the purchase date or within a driven mileage of 10,000 km, warranty may be provided for the coloring, optical distortion, bubbling, layering and other quality problems of glass products resulting from material, manufacturing process or other causes. Warranty will not be provided for other situations.</p>			

Other statement :

1. Refrigerant recharge not associated with the repair or replacement of a warranted part is not covered after the first 1 year, regardless of mileage.
2. Radio receiver, CD player, aerial, catalyst converter, oxygen sensor and shock absorber is covered for a period of 3 years and/or 60,000 km. (Whichever occurs first)
3. This warranty does not apply to the chassis and undercarriage and is subject to the requirements described in these conditions. Vehicles operating under abnormally severe conditions on beaches, dirt and loose gravel roads and in coastal environments with high humidity and salt mist laden air, require added protection. These circumstances are conducive to rapid paint and body deterioration. It is therefore the responsibility of the owner to take cognizance of the environment and conditions under which the vehicle may be expected to operate and to take suitable steps to prevent the deterioration of the paint and body work.
4. Regular cleaning and vehicle attention must be given top priority in these conditions. Rust proofing as well as the physical application thereof may only be applied with the express approval of BAIC SA. Under no circumstances may the body be drilled or body surfaces/ panels disturbed to apply the rust proofing. Body inspections form an integral part of the preventative maintenance service schedules and must be done on either odometer readings or months, whichever occurs first. The owner must, upon detection of corrosion, report this to an authorized BAIC SA dealer without delay. Such report must be made regardless of maintenance inspection periods indicated. Should body corrosion be evident at any inspection, the area must be repaired and treated within 14 working days after the inspection. The warranty will exclude any preventative treatment expense due to external paint/ body/ under sealer damage.

### 1.3.2 Parts Warranty

Brand	Parts Category	Parts Name	Time Limit/Mileage (Whichever occurs first)	
			Free Changed Parts	Self-ordered Parts
BAIC	Type A	Oil filter, fuel filter, air filter, A/C filter, spark plug, brake pad, clutch assembly, tire, bulb, wiper blade, fuse, relay, battery, remote controller battery, rubber products (like sealing ring, washer, O-ring, hose, etc.), plastic Products (inner or outer trim etc.)	Depend on Vehicle Warranty	6 months and/or 10,000 km
	Type B	Spare parts except "Type A"	Depend on Vehicle Warranty	1 year and/or 20,000 km

#### Special Notice:

1. This policy is only applied to BAIC SA's genuine spare parts,.
2. This warranty commences from the date listed in the spare parts' commercial invoice offered by BAIC SA authorized dealers. And the commercial invoice must state the mileage.
3. The glass products warranty will be provided only when the occurrence of discolor, optical distortion, bubble, stratification arise from materials or manufacturing process.

#### **1.4 Warranty Conditions**

- 1.4.1 Electrical parts bought over the counter and not installed by an authorized BAIC South Africa dealer are not covered.
- 1.4.2 Claims where it is not possible to validate the date and/or km reading are no covered.
- 1.4.3 Failures as a result of accidents, alterations or negligence are also not covered.
- 1.4.4 The same conditions as listed under the new vehicle warranty conditions.

#### **1.5 Roadside Assistance**

Refer to part 5.

#### **BODY WARRANTY**

This warranty does not apply to the chassis and undercarriage and is subject to the requirements described in these conditions. BAIC SA warrants to the first owner of a new BAIC vehicle, the body against rust perforation from the date of sale of the vehicle to the first original owner for the duration of the vehicle warranty.

**THE BODY WARRANTY DOES NOT COVER THE FOLLOWING:**

1. If the vehicle was subject to an accident or alteration irrespective of the magnitude of the incident.
2. Neglect on the part of the owner in terms of proper and regular body maintenance.
3. External influences of any kind to the bodywork such as chipped paint, scratches, industrial fallout or pollution.
4. Failure to repair or have repaired external paint/body sealer damage promptly.
5. Improper vehicle repairs or maintenance services carried out outside an authorized BAIC dealer's business.
6. The failure by the owner to have the maintenance services and body inspections done by an authorized BAIC dealer at the stipulated time or distance interval.
7. Failure on behalf of the owner to report any corrosion in the early stages. The warranty shall not apply in cases where extensive corrosion is evident yet not reported in its early stages.
8. Accessories not originally fitted by BAIC or damage caused by the fitting of such additional accessories.
9. Corrosion to body as a result of bolt-on parts if the design of the attachment is not approved by BAIC.

## **2. GENERAL CONDITIONS**

**These are general rules which govern the policy:**

### **2.1 Definitions**

#### **2.1.1 Mechanical Breakdown or Electrical Failure**

For the purpose of this warranty, the breaking or burning out of any of the components with the exception of those listed under part 4. These mechanical breakdowns or electrical failures are the direct results of a mechanical or electrical defect, where the component suddenly stops functioning, requiring repair or replacement.

#### **2.1.2 Cost of Repair**

Means the usual and reasonable charges for components and/or labor to repair or replace the failed components.

### **2.2 The vehicle warranty and BAIC South Africa liability will be refuted if any of the conditions listed below occurs or related principle been broken:**

2.2.1 If the BAIC vehicle has been subjected to a collision and has not been repaired by a BAIC recommended auto body repairer.

2.2.2 Any alterations or modifications have been made to the vehicle or the vehicle has been used in a manner which is not in keeping with its design and assembly.

2.2.3 The warranty and roadside assistance is valid for all vehicles sold and registered in South Africa.

- 2.2.4 Repairs and maintenance are carried out by a BAIC South Africa appointed dealership and use BAIC original parts.
- 2.2.5 The warranty will lapse if the vehicle is used in any form of speed contest or any form of motor sport.
- 2.2.6 This warranty does not include or cover non-approved accessories fitted to the vehicle. This also pertains to any electronic components, alarm and tracking devices.
- 2.2.7 This warranty also excludes the use of additives and should the use of sub-standard or incorrect grades of fuel and lubricants cause this failure. The warranty will not be covered.
- 2.2.8 The vehicle should be serviced and maintained in accordance with the prescribed schedules and performed by an authorized BAIC South Africa dealership. This maintenance should be done within the prescribed interval.
- 2.2.9 BAIC South Africa will not be liable for resultant loss, indirect damage, loss of time or loss of production, loss of the vehicle usage arising from a warranty failure.
- 2.2.10 The vehicle is not warranted for any specific application or purpose.
- 2.2.11 All parts removed in the execution of a warranty repair remain the property of BAIC South Africa.
- 2.2.12 This warranty is expressly in lieu of any other warranties expressed or implied in any obligation or liability of BAIC South Africa and its dealers.
- 2.2.13 The warranty is limited to the repair / replacement of the failed components.

- 2.2.14 Tampering of the odometer has occurred.
- 2.2.15 The warranty commences from the sales date which is showed in the commercial invoice provided by BAIC South Africa dealer.
- 2.2.16 Warranty is transferrable to subsequent owners provided that the warranty transfer card has been completed and forwarded to BAIC South Africa.
- 2.2.17 The warranty does not cover the repatriation of the vehicle to the owner's domicilium.

**2.3 BAIC South Africa Dealer Responsibilities**

- 2.3.1 Only use BAIC genuine parts which ensure that the value of your BAIC is not compromised.
- 2.3.2 Ensure that at the time of the new vehicle delivery, all the warranty conditions and maintenance requirements are explained to you.
- 2.3.3 To introduce you to the service department personnel.
- 2.3.4 Supply your new BAIC which has had the pre-delivery inspection service and its result meets the exacting standards as laid down by BAIC South Africa.
- 2.3.5 When required to perform a warranty repair or maintenance service, the correct tools, equipment and trained personnel are used.
- 2.3.6 Register your vehicle warranty in accordance with BAIC South Africa requirements.

### **3. WHAT YOU MUST DO**

**If you do not follow these conditions, then it is likely that your claim will not be paid.**

- 3.1 In the event of a component failure, make sure the vehicle is immediately returned to the authorized BAIC dealer for repair. This action could minimize the repair required.
- 3.2 Make sure that the correct grade of fuel and lubricants are used in the operation of your vehicle.
- 3.3 Regularly check the fluid levels. Tire pressures and inspect for damage.
- 3.4 Your vehicle must be maintained in accordance with BAIC South Africa service and maintenance schedules.
- 3.5 Ensure BAIC South Africa genuine parts be fitted.
- 3.6 In the event of accident damage, ensure that the vehicle is repaired by a BAIC recommended auto body repairer.

**4. YOU ARE NOT COVERED FOR**

**The following are general exceptions that apply to the whole policy:**

**4.1 Nuclear Risks**

Loss damage or liability directly or indirectly caused by or arising from ionizing radiation or radioactive contamination from any nuclear fuel or from any nuclear waste arising from burning nuclear fuel or the radioactive, toxic, explosive or other dangerous properties of any explosive nuclear equipment or nuclear part of that equipment.

**4.2 War and Public Disorder**

Any loss damage or liability caused by civil commotion, riot, strike, war, mutiny, military rising, martial law, rebellion, revolution, any act in protest against any state, government or any government body.

## **5. ROADSIDE ASSISTANCE**

5 years/unlimited mileage road assistance service is provided free of charge by BAIC SA since the purchase date of new vehicle. Roadside assistance is conducted by AA South Africa.

**AA Road side assistance contact number: 011 799 1844/ 086 123 5646**

## BAIC SA SCHEDULED MAINTENANCE PROGRAMME

Note: ● means replacement, ○ means checking, “—” means no operations or referring to the additional descriptions

Vehicle Service Schedule					
S/N	Regular Service Items	Initial service: 12 months/5,000 km	Second Service: 24months/15,000 km	Regular Service: every 12months/15,000 km	Additional descriptions
1	Replace the engine oil and oil filter	●	●	●	Under severe service conditions, replace every 5,000 km/6 months
2	Replace the fuel filter	—	—	—	Initially: 15,000 km, and every 15,000 km afterwards
3	Automatic transmission fluid and filter	—	—	—	Replace every 60,000 km
4	Spark plug	—	—	—	Replace every 45,000km
5	Air filter element	—	—	—	Clean every 15,000 km/12 months and replace every 30,000 km/2 years Under severe service conditions, clean every 5,000 km/3 months and replace every 10,000 km/6 months
6	Air conditioning filter element (on-board level CN95 filter element)	—	—	—	Clean every 15,000 km/12 months; replace every 30,000 km/2 years
7	V-ribbed belt and tensioner	—	—	—	Check every 15,000 km/12 month, replace if necessary
8	Fuel filter	—	—	—	Fuel filter is integrated into fuel pump, and replacement mileage is 10 years or 160,000 km, whichever comes first (pay attention to vehicle condition during maintenance, re-place every 80,000 km/3 years in areas with poor fuel quality, and replace the fuel pump if necessary)
9	Water pump belt	—	—	—	Check at 100,000 km/5 years for the first time, then check every 30,000 km. If there are cracks or rope coming out, it must be replaced, it is recommended to replace it at 180,000 km
10	Timing belt and tensioner	—	—	—	Check at 100,000 km/5 years for the first time, then check every 30,000 km, replace if necessary; It must be replaced at 180,000 km If timing belt needs to be replaced, replace timing belt tensioner and idler pulley assembly at the same time
11	Engine idling speed	○	○	○	
12	Engine coolant	○	○	○	Replace every 45,000 km/3 years
13	Check whether crankcase ventilation control system is normal	—	—	—	Check every 45,000 km/3 years
14	Brake fluid	○	○	○	Replace every 45,000 km/3 years
15	Brake pads of front and rear wheels: Check thickness and wear of brake pads	—	○	○	
16	Whether exhaust system leaks or damages	○	○	○	
17	Tire/rim (including spare wheel)	○	○	○	Check tire wear, correct tire inflation pressure, and rotate the wheel or replace the tire if necessary.

Vehicle Service Schedule					
S/N	Regular Service Items	Initial service: 12 months/5,000 km	Second Service: 24months/15,000 km	Regular Service: every 12months/15,000 km	Additional descriptions
18	Suspension and steering link ball, steering gear housing, pro-peller shaft dust cover	○	○	○	
19	Lines and connections of radiator, brake, exhaust and fuel	○	○	○	In case of abnormal wear, crack, bulge, scratch, burns, oil leakage and other undesirable phenomena of the rubber hose, it should be replaced; When willow catkins are frequent in spring, check whether the front end of radiator is blocked by willow catkins every 15,000 km (especially for middle position between condenser and radiator).
20	Door hinge, door check, door lock, hood, luggage compartment door and buckle	○	○	○	
21	Function of electric equipment (including power glass regulator, power rear view mirror, air conditioning, moon roof, etc)	○	○	○	
22	Wiper and washer	○	○	○	
23	Battery	○	○	○	
24	Computer detection: Read the fault storage information in each system controller with special diagnostic equipment	○	○	○	
25	Check instrument cluster display and interior and exterior lights	○	○	○	
26	Maintenance mileage cycle re-set	○	○	○	
27	Regularly check whether there are foreign matters, dust, etc. inside the handle, and timely clean if necessary.	○	○	○	
28	Parking brake	○	○	○	
29	Check appearance of shock absorbers and damping springs of four wheels, and check whether chassis fasteners are loose. If they are loose, they must be tightened according to specified torque	○	○	○	
30	Test driving: Dynamic performance, braking performance, smoothness, noise, gear position, etc	○	○	○	
31	Seat belt function detection	○	○	○	1. Check whether seat belt can be easily pulled out and naturally retracted; 2. Pull out seat belt quickly, and seat belt can be locked; 3. Buckle opening force is less than 60 N; 4. Seat belt webbing is not damaged; 5. Seat belt height can be adjusted normally.

**Note:**

1. Perform Initial service at 5,000 km/12 months , second service at 15,000km/24 months, (subject to the purchase invoice), whichever comes first, Regular Service starts from the third service.
2. Perform regular maintenance at 15,000 km/12 months (from the last maintenance), whichever comes first.
3. "●" represents replacement; "○" represents inspection; "—" represents no operation or see additional instructions.

## **6. ACCIDENT MANAGEMENT**

**In the event that you are involved in a collision, the following guidelines are suggested:**

### **6.1 Do's**

- 6.1.1 Immediately STOP your vehicle.
- 6.1.2 Attend to the injured and get the necessary help.
- 6.1.3 Call the police and ambulance if required.
- 6.1.4 If requested provide the following information:
  - 6.1.4.1 Your name, address and telephone number.
  - 6.1.4.2 Vehicle owner's name and address.
  - 6.1.4.3 Vehicle registration number.
  - 6.1.4.4 Name of your insurance company.
- 6.1.5 Fill in the accident checklist.
- 6.1.6 Make a sketch of the collision/ accident scene.
- 6.1.7 Take photographs of the collision including vehicles and damage if possible (suggest use of cell phone if available).
- 6.1.8 Ensure you report the accident to the nearest police station within 24 hours for which you will require your Identity Document and driver's license.

### **6.2 Don'ts**

- 6.2.1 Admit any form of liability in writing or verbally.
- 6.2.2 If anyone has been injured or killed, do not move the vehicle(s).
